COAX EXCELLENCE SERIES

Individuality for your home: The Excellence Series combines unparalleled sound quality with a matte anodised finish, giving it an exceptionally sophisticated appearance. These speakers integrate seamlessly into any living space, adding distinctive highlights with their elegant design.

LPAUDIO

www.lpaudio.it - info@lpaudio.it

COAX EXCELLENCE SERIES

Blue Lagoon

Misty Green

Shiny Ash

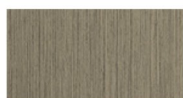

Desert Gold

Bordeaux Red

Havana Tobacco

Alpine Stone

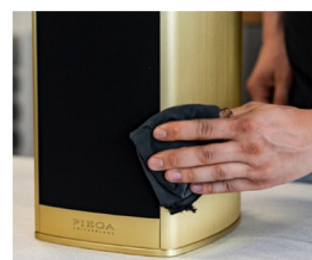

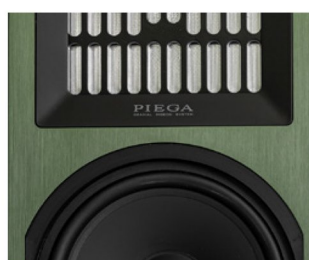

Autumn Bronze

Eight new colours

The Coax Excellence series combines outstanding sound quality with an exquisite design. The aluminium cabinets of the speakers are finished using an elaborate anodising process, which gives the surface a matt, elegant appearance while retaining the natural aluminium structure. This process gives the speakers a unique look in which the colour changes with the incidence of light and plays with shadow and form.

With the Excellence special edition, you can customise the colour of your speakers. In addition to the classic shades of silver, black and white, there are eight new colours to choose from: Blue Lagoon, Misty Green, Shiny Ash, Desert Gold, Bordeaux Red, Havana Tobacco, Alpine Stone and Autumn Bronze. The speakers blend perfectly into any living environment.

ACE WIRELESS SERIES

Smart, active, wireless: The largest, smallest all-in-one system from our range. Whether for Hi-Fi, surround sound, gaming, or as an elegant soundbar alternative – the Ace Wireless speakers adapt to your needs. Experience the unique PIEGA sound in the highest quality, wirelessly and with effortless operation. Enjoy crystal-clear highs, rich bass, and a room-filling soundstage.

ACE WIRELESS SERIES

Ace 50 Wireless

Dimensions (H x W x D): 105 x 14 x 16 cm
Base (Ø): 25 cm
Weight: Aluminium and black version: 14 kg
White version: 16 kg

- 3-way system floor standing loudspeaker
- Amplifier power: 200 watts
- Frequency range: 30 Hz - 25 kHz
- 4 x 120 mm MDS® bass driver
- 1 x 120 mm MDS® midrange driver
- 1 x AMT ribbon tweeter
- Supply voltage: 100-240V 50/60Hz

Tx speaker

Inputs/Outputs: HDMI eARC, Digital coax / optical (SPDIF) analog stereo

Streaming: Apple AirPlay 2, Google Chromecast, Spotify Connect, Roon Ready, Bluetooth 4.2, DLNA

Rx speaker

Inputs/Outputs: Analog mono, analog balanced stereo (IN/OUT)

A pair of Ace Wireless speakers consists of a Tx (Transmitter) and an Rx (Receiver) speaker. The Tx speaker transmits music in high-definition quality wirelessly to one or more Rx speakers.

A wireless multi-channel system, on the other hand, consists only of Rx versions. In this setup, the transmitting function is handled by a WiSA-enabled TV or a WiSA hub, for example.
